

## Property Consulting

We consult on general and specific property problems as listed below. This list is not exhaustive.

1. Complaints and issues relating to poor architectural design.
2. Complaints and issues relating to poor construction methods.
3. Complaints and issues relating to damp ingress and problems.
4. Complaints and issues relating to mould/fungal infestation.
5. Complaints and issues relating to storm water disposal problems.
6. Complaints and issues relating to structural deformities.
7. Complaints and issues relating to structural defects.
8. Complaints and issues relating to structural failures.
9. Complaints and issues relating to Building Code violations.
10. Complaints and issues relating to Building Standards Act contraventions.
11. Complaints and issues relating to Energy Efficiency in buildings.
12. Remedial assistance and solutions to most, if not all concerns, issues, and problems in the built environment.

We are also able to act and assist as Expert Witnesses in litigation matters, in and out of Court.

Our consulting fees are based on hourly rates. Please enquire from us as to the rate fees.
